HERE WE ARE AGAIN

We announced in our 1941 list that we would not offer bulbs for sale this year; however, we have received so many inquiries for our own originations, not listed by other growers, that we find the only practical way to handle the situation, is to issue this small list of our introductions, together with other popular varieties for those not acquainted with our originations. We are listing only small amounts, as we plant most of our bulbs for cut flower sales.

OUR ORIGINATIONS

We would like to have you get acquainted with our originations, so we are going to send FREE with each order over \$2.00, some of our best ones. With each \$5.00 order we will give one large bulb of St. James, introduced last year. Other free bulbs will include Glorient; Majesty; Novella; West Point etc.

We do not substitute varieties, without your permission, so in order that you get the free bulbs you are entitled to, for the full amount of your order, we will send same value of next size, or extra amounts of others you order, if we are sold out of some variety or size ordered. Please name substitutes if you do not favor this adjustment. We will see that you get your moneys worth.

Large bulbs are $1\frac{1}{4}$ in. and over: Medium, $\frac{3}{4}$ to $1\frac{1}{4}$ in.: Small, $\frac{3}{8}$ to $\frac{3}{4}$ in.: No. 7, under $\frac{3}{8}$ in. Three or more bulbs sold at the dozen rate; 25 at the 100 rate. Please do not order amounts not listed, as we do not have stock to spare for supplying dozens when listed per each, nor hundreds when listed per doz. only. Our own originations are designated by * preceding the name.
